

Exploring the Chardonnays of Southbrook Winery – Virtual Event

October 20, 2020

6:30 PM

Join Southbrook's proprietor and Chief storyteller Bill Redelmeier, virtually, on Tuesday, October 20, 2020 at 6:30 PM to taste through their range of single vineyard Chardonnays, and their Triomphe Chardonnay. Southbrook creates award-winning wines at their certified organic and biodynamic winery in Niagara, with a focus on sustainable agriculture. Chardonnay is a favourite variety for Bill, as it so wonderfully reflects its place of origin.

The wines:

Triomphe 2017 VQA Niagara Peninsula - \$24.95

A product of certified organic Certified Organic fruit from our trusted growers across the Niagara Peninsula. Aromatics of bright green apples and lemon/lime citrus rinds. The palate is rich and refreshing; showing the complexity of the blend through flavours of tree fruits and stone fruits. A wine that's tasting great with several years to go in its development.

2017 Saunders Family Vineyards VQA Beamsville Bench - \$35.00

A chardonnay made from an old ('80s) planting of Dijon clones in the heart of the Beamsville Bench sub-appellation. The Saunders have been farming organically since 2010. Aromas of fresh pears, flint and lemon zest leads to a mineral-driven silky, round palate that showcases the tense characters that the Bench is known for.

2017 Laundry Vineyard VQA Lincoln Lakeshore - \$35.00

A wine produced from a Massal Selection of clones. A wine that delivers aromas of golden delicious apples, yellow plum, lime and pineapple. The palate is dry with refreshing acidity and flavours of lemon drop candies and clementine.

2018 Kelta Vineyard VQA Lincoln Lakeshore - \$29.95

The newest addition to Southbrook's single vineyard portfolio, like the Laundry vineyard, is also planted with a Massal Selection of Chardonnay. Aromas of butter, brioche, tropical fruit and lemony pastry. This leads to an opulent, rich buttery palate that mirrors the aromas of tropical fruits and mangos.
